

Technology won't bring about a sustainable society, but here's something that can

A lecture by Vasilis Kostakis

Professor of P2P Governance at TalTech; Faculty Associate at Harvard University's Berkman Klein Center; Recipient of a four-year (2019-) grant from the European Research Council, to study how to create a sustainable and inclusive economy based on locally productive communities that are digitally interconnected; Founder of the P2P Lab and a founding member of the rural makerspace Tzoumakers (Epirus, Greece)

Wednesday, 10 November 2021, 20:00-22:00
